Subject: DCS = NRC regs referencing 50 mrem

From the administrator's decision:

I also have determined that NRC regulations at 10 C.F.R § 20.1301 (specifying a facility-wide 100 mrem/yr dose limit) and 10 C.F.R § 20.1302 (referencing Table 2 Effluent Concentrations of Appendix B to Part 20 based on a 50 mrem/yr dose limit) are relevant to the ORR landfills but are not appropriate for guiding remedy selection in the FSS
